

# HAZARDS

## of Wireless Technology

Including Smart Meters, WiFi,  
Cell Towers/Cell Phones,  
Baby Monitors and more...

with expert Guest Speaker Jerry Flynn

This is an opportunity **not-to-be-missed!** Hear what Jerry Flynn, retired military officer, has to say about the hazards of electromagnetic radiation emissions from wireless devices. With 22 years experience in Canada's and NATO's army electronic warfare units, Flynn will present overwhelming evidence that supports his belief that the proliferation of these devices is both negligent and highly dangerous, especially to our new and future generations. Come and hear the startling details on what the industry does NOT want you to know!
